

This video has been [uploaded to You Tube](#) with the full approval of 'Sonia'. Originally it was just hosted [on our website](#) , but due to people ripping off the video and posting it here anyway, the decision was taken that it would be better to host the video here on our official channel, instead of some 3rd party trying to steal it.

Slično i Kasiopejci opisuju otmice... OPS vanzemaljci uzmu tijelo iz ove naše 3D realnosti 3. denziteta, prenesu obično na 4. denzitet, naprave što smjeraju, te onda natrag vrata tijelo u linearno vrijeme 3. denziteta. Ponekad vrata u istu točku, pa oteti niti ne percipira da je bio otet.
