

A thread on ATS discussed the hypothesis that millions of people worldwide, are abducted by malevolent extraterrestrial entities every year, with the connivance of the governments, in exchange of secret technologies, mainly the military kind.

According to whistleblowers, most of abductees are youngsters and children, who are submitted to genetic experiments, sexual abuse, mind controlling experiments and occultist demonic rituals, involving military personnel, the entities called "Greys" and Reptilian beings.

I've gathered some information that suggest that there's a huge global apparatus, led by the United Nations, for keep this program of abductions.
